On Dec. 14, 2019, 2019 In-Chain Global Blockchain Summit, guided by the Fifth Electronic Research Institute of MIIT, hosted by Interchain Pulse, was held in Beijing. Mr. Lipeng Xiang, Blockchain Supervisor of the Fifth Electronic Research Institute of MIIT, Mr. Zhen Wu, Secretary-General of National Committee of Experts on the Internet Financial Security Technology, and Ms. Xin Lai, the Chief Engineer of ThunderChain at Xunlei, and other experts or enterprise representatives were invited to attend the summit and discuss future trends in blockchain technologies and industry consolidation.

At the summit, Ms. Xin Lai shared the outstanding accomplishments of ThunderChain in practice, and provided update on the recent releases of ThunderChain's sixteen product solutions across six major industry sectors. With this set of releases, ThunderChain now can offer a wide range of effective blockchain product solutions. As the government has lately highlighted the importance of blockchain in achieving technological breakthroughs for the country, Lai expects a large of number of blockchain applications will emerge to empower the real economy.
